

# Creating a happy and healthy workplace for you

---

## Our protocols at Studio by Tishman Speyer.

**Enhanced cleaning** regimen which includes use of **EPA-approved** and **CDC-recommended** disinfectants on high-touch surfaces.

**Upgraded air quality** in the building implemented based on recommendations from ASHRAE, CDC, and OSHA, including **upgrading air handling unit filters** to at least **MERV13** and **increased air flow** for longer.

**Face coverings** required for everyone (members, employees, vendors, etc) in all **common** and **back of house** areas.

---

## Wellness practices to help keep our community safe.

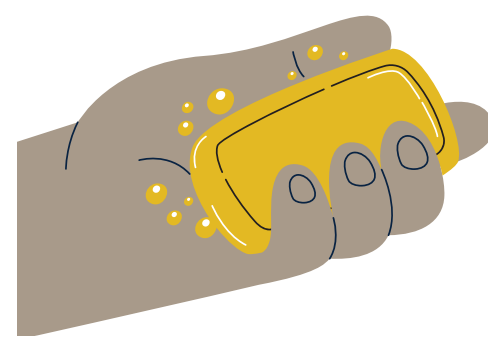

**Wear masks** in all common spaces

**Social distance** with your team and other members when possible

**Wash your hands** frequently

**Cover your mouth** when sneezing or coughing

**Utilize the wipes** provided in common spaces after use

### Stay home if...

- You are **feeling sick**
- You have been **exposed**
- You have **recently traveled** to high risk area

### Take appropriate precautions

..if anyone on your team is exposed to COVID.

**Please report** any positive cases on your team to your Studio representatives immediately.
